The Challenge

Is Your Team Feeling Disconnected ?

Missed Milestones

Important birthdays and work anniversaries slip through the cracks, leaving employees feeling **unvalued**.

Low Engagement

Remote and hybrid teams struggle to build connections without a **centralized** recognition system.

Manual Tracking

HR teams waste hours maintaining spreadsheets. There's no **automated** way to celebrate achievements.

The Solution

Introducing Celebration

A modern SharePoint Web Part that transforms how organizations recognize and celebrate their most valuable asset **their people**.

Visual Employee Cards

Beautiful displays of upcoming birthdays and work anniversaries with profile photos and designations.

One-Click Wishes

Seamless Microsoft Teams integration to send personalized greetings directly on the special day.

Custom Themes

Four color options or inherit your SharePoint theme for a consistent brand experience.
